In summer, Himos-Jämsä is full of action and new experiences. Absolute favourites of families with children include the Maamala Activity Park and Traffic Park in the city centre. Himos-Jämsä also offers a wide range of festivals and live performances. Furthermore, the beautiful beaches, the Saturday saunas of the Sauna Village and the numerous summer events at Himos offer something for everyone.

ACTIVITY PARK IN THE HEART OF THE CITY

Maaumala Activity Park is a magnificent local sports facility. On a hot summer day, you can take a dip in the pool, play different team sports or try out outdoor gym equipment at your own pace.

Located in the Jämsä city centre, the **Maaumala Activity Park** offers a wide variety of sports and recreational activities. There, you can spend your day swimming, playing games and enjoying different physical activities.

The skatepark and pumprack offer fast tricks on bikes, scooters, skateboards, and roller skates. The winding and undulating track is one of Himos-Jämsä's most popular sites to visit.

In the park, you can play beach volley, basketball or Pétanque. The fenced multi-purpose field invites you to challenge your friends to a game of floorball or football. You are free to use the outdoor gym any time you feel like it.

In the activity park, you can also enjoy a relaxed summer day on the beach, a sunny terrace or a playground. The park is particularly proud of Finland's largest Bukk Off Ice training track in outdoor use, where you can practice your skills in ice hockey, rinkball or floorball.

ADVENTURES FOR THE LITTLE ONES

Himos-Jämsä has plenty of fun activities, learning opportunities and new experiences for the whole family. You will have something to remember for a long time!

In the **Traffic Park**, children can practice traffic rules while having fun riding a pedal car, a push car or a tricycle. The park features traffic lights, a filling station and a roundabout, just like in a real traffic environment. Located next to highway no. 9, the park is also a convenient place to stop off for a short break, although it offers great fun even if you are staying for a while longer.

There are plenty of **playgrounds** in the Himos-Jämsä area, where little adventurers can climb, swing and go down different slides.

Helminauha Toy Museum is a summer

treasure trove for children and those young at heart. In the museum, you can see thousands of toys from the 20th century all the way to the present day.

In the backwoods of Himosvuori, in the middle of a deep forest, the **Moose Manor Zoo** offers a chance to meet moose from eye to eye – and perhaps even get a kiss from one of them! In the zoo, you can also see fallow deer and reindeer in their natural habitat. If you arrange your visit in advance, you can also meet cute animals on the **Ranta-Hirvelä Farm** and at **Arola's Pony Stable**.
